

## East Asia Prayer Requests

December 11, 2007

*Thank you for joining us as we pray for the billions of people who have not yet heard the gospel in East Asia. Current requests can also be found at [easia.imb.org](http://easia.imb.org).*

- As Christian workers pour out their lives in service in China, new generations of missionaries are being developed in churches all over the United States. Pray today that Sunday School teachers, pastors, and missions workers among children will impart love for the peoples of the world and passion for reaching the lost to the children who are under their tutelage.
- Pray that Christian mothers serving overseas will find ways to balance their many responsibilities so that they can spend quality time among the people, sharing Christ's love. In some cases, this means finding reliable household help. In other cases, it means including their children in evangelistic activities, or having the husband more involved in primary childcare. Thank God that He sees and knows each situation and is willing to give the answers needed as His children look to Him.
- After surpassing a record goal last year, Southern Baptists will be challenged to give more than ever to the Lottie Moon Christmas Offering this month. Pray that all who are committed to reaching the world for Christ will resist resting on laurels of years past and will give sacrificially. Praise God for working through this offering to provide for Christians workers all over China and the world.
